The most accurate salary manager you have ever had

hSenid Payroll Enterprise provides easier, faster and more accurate salary calculations than ever before. It reduces time-consuming administration headaches and includes valuable compensation tools that take care of payroll details so that you can get back to what you do best: managing your business. hSenid Payroll Enterprise helps to reduce managerial costs and to increase the HR department's efficiency.

A UNIQUE SOLUTION FOR UNIQUE COMPANIES

Each company is unique and requires unique solutions. hSenid Payroll Enterprise is customizable and can adapt to the specific needs of a company whether your business employs five people or 25,000 in any industry sector, in whatever tax system and whatever currency you calculate salaries. hSenid Payroll Enterprise also enables user-defined calculation schemes / methodologies (formula builder). In addition it supports regulatory and analysis reports, facilitates printing cheques and has many other functionalities.

hSenid Payroll Enterprise offers an integrated payroll management system facilitating multi-currency transactions, loans, reimbursements and much more. The system is designed to support an automatic attendance system with connection to multiple time devices.

BENEFITS YOU WILL ENJOY

- ▶ With hSenid Payroll Enterprise you will never hear your employees complaining about inaccurate calculations or delayed salaries.
- ▶ Salary procedures will become trouble-free and the Finance/HR department will enjoy the salary process.
- ▶ Links between leave, attendance and salary will be covered automatically.
- ▶ The system supports the entire payroll process, including such unique facilities as coin analysis, overtime process, general ledger, etc.
- ▶ Flexibility which allows employees to see their statutory contributions funds while at the same time provides high security thus allowing you to sleep peacefully.
- ▶ Powerful reporting tools - to get clear information about the company's payroll process, managers will not have to spend the whole day just searching for the relevant data and converting them to meaningful information.

The system to make your life easier
