time&ATTENDANCE™

The days of manually managing time and attendance are gone

hSenid time&ATTENDANCE is a powerful solution which facilitates tracking, reporting and managing attendance of your staff around the clock. It empowers you to capture data from any time recording device, monitor employees attendance, plan shifts & rosters and it links with payroll for accurate rewards management. Automated procedures ensure that mistakes are avoided and the maximum time is saved.

BETTER TIME MANAGEMENT AND ABSENCE CONTROL

The success of a company depends on how managers and employees spend their time. Time is the most irreplaceable asset and by managing it effectively, your company takes the first step towards great achievements. Monitoring employees' attendance and planning their time leads to employers having better time management and absence control, as well as improving shift planning and budgetary control.

hSenid time&ATTENDANCE system is a priceless management tool, which reduces the cost of administration and ensures accurate, automatic capture and transfer of data to the hSenid HRM and Payroll applications or any other 3rd party application. Its unique features allow users to schedule shifts and rosters easier and faster than ever before.

BENEFITS YOU WILL ENJOY

- ▶ Tighter control of employees' attendance leading to reduced absenteeism.
- ▶ Easy over-time management with flexible workflow approval process, which together with the link to payroll, allows accurate work/time compensation.
